RE: SECOND SEMI-ANNUAL GROUNDWATER PRODUCTION STATEMENT
For Period January 1 – June 30, 2019 ~ To Be Returned by July 31, 2019
(Reference: Water Code Section 75500 et seq.)
2018-2019 Water Year

Attached are Semi-Annual Groundwater Production Statement(s) and Worksheets, for your well(s). Instructions and our Newsletter also are enclosed. **Please return your Groundwater Production Statement and associated Worksheets to our post office box address with your payment by July 31, 2019 to avoid the penalty and interest.** Should you require assistance, please call to discuss your situation or schedule an appointment.

All submittals post-marked after the due date are debited a penalty of 10% and interest of 1% per month on any delinquent groundwater charge payment. All calculations are checked, and correcting adjustments made. A prior balance indicates a penalty, interest or correcting adjustment on prior Statements and is due and payable now. Please use the Worksheet(s) to calculate your water use and return it with the Production Statement. Statements without Worksheets are deemed incomplete and do not constitute legal submittals.

The rates for water produced between July 1, 2018 and June 30, 2019 remain the same in all zones.
