

**NOTICE OF RECEIPT OF GROUNDWATER ENGINEERING INVESTIGATION AND REPORT AND PUBLIC HEARING**

Notice is hereby given, pursuant to Water Code Section 75571, that the Santa Ynez River Water Conservation District will hold a public hearing at 6:30 p.m. (PST) on April 28, 2021 to consider the Forty-Third Annual Engineering Investigation and Report regarding groundwater conditions within the District. The preliminary written report was received by the Secretary of the Board on March 10, 2021 and is available on-line at **SYRWCD.com**.

Pursuant to Governor Newsom's Executive Orders N-29-20 and N-33-20, the District will no longer provide for in person participation at its meetings until further notice. The public may observe and address the District's Board meeting via telephone or online video and may submit questions and comments ahead of time. The public hearing may be continued to subsequent meetings of the Board of Directors.

Operators of water producing facilities within the District and all persons interested in the condition of the groundwater or surface water supplies within the District are invited to download and review the Investigation and Report and to submit comments concerning the groundwater and surface water supplies of the District prior to the public hearing. Persons wishing to present their comments to the Board of Directors are encouraged to provide written comments in advance to the Board Secretary, Amber Thompson, [athompson@SYRWCD.com](mailto:athompson@SYRWCD.com) **by 5:00 p.m. on April 27, 2021** or provide public comment verbally during the meeting.

For additional information on how the District has established alternative methods of participation in the Santa Ynez River Water Conservation District Board of Directors' meetings, please visit **SYRWCD.com**.
